

I am very disappointed with an AM radio station called 1030 AM. In this radio station there is a guy by the name of Josie Ivan. He is a total disgrace to our race. He constantly uses profanities and is very vulgar while conducting his show on the air. He is constantly insulting the callers and treats them very bad. It is very distasteful and out of order. His behavior is comparable to Howard Stern's Show but in spanish. I don't think anyone has been brave enough to report him but I would like to see his show toned down a little. After all it is in the middle of the day and I do not think that my daughter needs to hear this kind of language at that time in the radio. He is usually in the air in the afternoons. Please do something about this man. He needs to be stopped.

Thank You,

Ms. Arleen Santos
